Health Permission Forms: Please complete the form with current information and hand back to your Leader. Medical and Dietary information are particularly important.

Parking: There is parking available one field away please park on the road near the red brick farm buildings. Scouts should be able to carry their personal kit in one trip. Please drop off and pick up promptly. Car sharing is encouraged.

Knives: Personal penknives are allowed provided they are in accordance with Scout guidelines. Scout knives are to be handed in to their group's Leader on arrival and they will be issued as required – you can discuss this with your Leader or refer to the attached knife guidelines. They should be named and easy to spot e.g. coloured string or ribbon, not camouflaged!

Food: Each Scout is to bring a packed lunch for Saturday; after that all other food will be provided. We do not want Scouts to bring sweets, biscuits etc as the essence of the weekend is for the Scouts to fend for themselves.
